

AMEREN ILLINOIS

INSTANT INCENTIVES

STANDARD LIGHTING PROGRAM

January 1, 2018 through December 31, 2018

PROGRAM DESCRIPTION

The award-winning energy efficiency programs from Ameren Illinois offer cash incentives and resources to encourage your business to invest in smart energy solutions. We can help you cut project costs, increase the efficiency of your facility, and lower your energy bills. **Instant Incentives through the Standard Lighting program** provide a simple and quick way for Ameren Illinois business customers to purchase energy-efficient lighting and receive an instant discount at the point of purchase via participating distributors. This offering provides incentives for a variety of LEDs.

IllinoisBusinessEE@ameren.com

Note: End user must have an electric delivery service rate of DS2, DS3, DS4, DS5, or DS6 and an Energy Efficiency and Demand Response Investment (EDI) surcharge on such end user's Ameren Illinois bill for the service point corresponding to the sale. In addition, for any DS4 and DS6 service point, Incentives will not be provided if such service point has a historical demand greater than 10MW. Residential Ameren Illinois customers are ineligible to participate in the Ameren Illinois business program and ineligible to receive incentives. Incentive amounts may be revised. Please contact your distributor for the latest incentive levels
